

Composites, Today & Tomorrow: An Editor's Eye View

Steve Loud

Composites News International

OUTLINE

PRESENT DAY COMPOSITES - THE STATE-OF-THE-BUSINESS - a look through the major composites markets in advanced materials, with a review of where major applications play a role.

SUCSESSES - APPLICATIONS TODAY

- Marine hulls - Sail, Power, Military
- Ports & Harbors
- Offshore Oil - Tethers, Tubulars
- Aerospace - A380, 777, 7X7, F-22, JSF
- Bridges and Decks
- Sports/Racing cars

SHORTCOMINGS

SUCSESSES - TECHNICAL

MARKET BARRIERS

SUCSESSES - APPLICATIONS TOMORROW - where are we headed as an industrial sector?

- Industrial
- Energy Systems
- Defense
- Trucks & Trailers
- Automotive

ENHANCED AND NEW STRATEGIES NEEDED

Composites in the Scope of the Cosmos
