

We're just a few weeks from the 5<sup>th</sup>-annual SPE Automotive Composites Conference & Exposition.

Scheduled for September 12-14, 2005 in Troy, Michigan, USA, at the MSU Management Education Center, this conference has become a must-attend event for the global automotive composites industry.

This year's conferences features:

- A special ribbon-cutting ceremony to open the exhibits on Monday morning
- 7 keynote addresses
- 2-panel discussions with opportunity for guest input on questions
- 48 technical papers in 10 parallel tracks over 3 days
- Our annual cocktail reception / mixer Tuesday evening with a large-part walkthrough
- The support of 34 sponsors – 24 of them with displays.

To view a conference program overview and a more detailed list of papers, see [www.speautomotive.com/comp.htm](http://www.speautomotive.com/comp.htm) or [www.4spe.org/conf/0509acce.php](http://www.4spe.org/conf/0509acce.php).

Both sites also provide registration forms, directions to the MSU Management Education Center where the conference is being held, plus information on hotels providing discounts to conference goers.

For more information about the SPE Automotive Composites Conference, call +1.248.244.8993, or e-mail: [spe@plastics.org](mailto:spe@plastics.org).

Hope to see you in Troy September 12-14.
